& PARABENS**

# ORGANIC PEOPLE

NATURE GIVES YOU MORE

Desire to be closer to the nature, to care about our health and our planet has become a philosophy of life for many of us. Indeed, why do we use chemicals, while nature can give us much more? Thus the idea was born to create truly natural cosmetics for household cleaning – «**Organic People**».

Home cleansers by «**Organic People**» consist of natural ingredients, they are enriched with highly effective, valuable organic extracts and oils. All organic extracts and oils are carefully selected depending on specific tasks and actions of each product.

## ADVANTAGES:

- ✓ Our cleaners combine the latest trends - high effectiveness and safety for the environment
- ✓ Efficient due to natural ingredients and essential oils
- ✓ Economic use
- ✓ Made of natural ingredients, enriched with valuable organic extracts and essential oils
- ✓ Contain no parabens, SLS, EDTA, NTA, oils, phosphates, phthalates, phenols, formaldehyde, synthetic perfumes, and dyes

NATURE GIVES YOU MORE

The best way to make the house clean –  
**natural, safe** and really **effective** home  
cleaning products by ORGANIC PEOPLE.

Most of our products are certified by ICEA – Environmental and Ethical Certification Institute (ECO BIO CLEANERS 036 DP certificate). Basic ICEA principles are respect of people and nature, environmentally friendly approach. ICEA accurately controls the entire process of production, storage and supply of products to correspond to the European standards. ICEA approves formulas and monitors the content of natural and organic ingredients. Thus, ICEA certificate is a guarantee of quality and compliance with the strictest European requirements.
